INFORMATION DISCLOSURE STATEMENT UNDER RULE 1.56

Sir:

The above identified application was originally filed by Applicant's former patent counsel, Mr. H. Vincent Harsha. At Applicant's request, Mr. Harsha transferred Applicant's patent prosecution file to the undersigned. Upon a review of the transferred file in preparation for filing the present Request for Continued Examination, the transferred records do not indicate that an Information Disclosure Statement (IDS) was ever filed by Mr. Harsha on behalf of Applicant identifying the results of a patent search conducted on or around November 15, 1999.

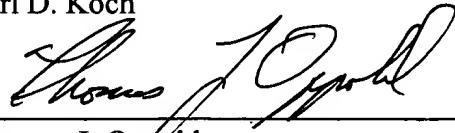

Accordingly, as required by 37 CFR § 1.56, in the event of Applicant's former patent counsel's oversight in not filing an IDS with the Office identifying the references cited in the November 15, 1999 patent search report, enclosed herewith is an IDS (PTO-1449 Form) identifying those references that have not yet been considered by the Examiner during prosecution of this Application. Copies of each of the references cited in the attached IDS are also enclosed herewith. Applicant is not identifying or providing copies of those references identified in the November 15, 1999 patent search report that are already of record.

Pursuant to 37 CFR 1.97(b)(4), since Applicant is filing this IDS before the mailing of a first Office action after filing a Request for Continued Examination under 37 CFR § 1.114, no fee is required. However, in the event a fee is required, the Commissioner is authorized to charge any fee which may be required by this correspondence to Deposit Account No. 12-0449.

The Examiner is respectfully requested to: (1) fully consider each of these references in the course of examining the above-identified application; (2) initial and return a copy of the enclosed Form PTO-1449 as an indication the references have been considered; and (3) include the references among the "References Cited" in any patent issuing from this application.

Respectfully submitted,

Earl D. Koch
